- are staffed with highly-qualified and nationally recognized faculty
- are supported by a community that makes education a priority
- inspire children's natural curiosity, imagination and desire to learn.
- instill a love of learning, foster creativity and teach critical thinking skills

Great educators are not merely qualified, they are also caring and committed.

Jaffrey-Rindge teachers and support staff are deeply committed to providing a world-class education for every Jaffrey-Rindge student. They provide the stable, nurturing and inspiring environment that makes it possible to reach each student individually.

We send our children to school for a great start to a better future. Of all the things we teach our kids, the most important is love of learning. Schools inspire children's natural curiosity and desire to learn and we know that no bubble test can measure a kid's curiosity.

They strive to connect with each child, discover their passions, and unlock their potential.

Ensuring that all children have a qualified, caring and committed educator in their classroom needs to be a high priority and requires an effective partnership that holds everyone accountable for our children's success—teachers, students, parents and elected officials.

Community engagement and support are vital to any school district's success.
