

# NEA-New Hampshire is there for you...

## **...when your students' needs aren't being met.**

You create supportive learning environments and work one-on-one with students. You're often the first to know if the needs of your students aren't being met due to choices and decisions made by administrators and school boards. NEA-New Hampshire is there to get you the resources, respect, and recognition you deserve to support your student's achievements.

## **...when your supervisor calls you in "for a talk."**

You never go it alone when you're a member of NEA-New Hampshire. You are entitled to representation at any meeting with any supervisor that may in any way affect your working conditions, including being disciplined or terminated. We expect fair treatment and respect from administrators and superintendents, and we're there for our members when they need help in ensuring they receive it.

## **...when your hours or benefits are reduced.**

NEA-New Hampshire diligently defends our members against outsourcing of work to private, for-profit corporations. No matter where you work in public education, together we fight for the working conditions, respect, salary, and professional development opportunities you deserve.

# The Benefits of NEA-NH Membership

## **To save money. Member Benefits savings can exceed your dues payments.**

With the combined buying power of 3.2 million members, NEA membership can save you thousands on items you already purchase. Members save on everyday items, dining, automobiles, electronics, travel, insurance, financial services and professional development - and the list grows every day. If it is something you buy, you can most likely save money on it through NEA Member Benefits - in many cases the savings more than pay for membership dues.

## **To get help. Members get access to dedicated attorneys and professionals.**

NEA-NH has staff attorneys to provide you legal assistance on employment-related matters. The entire staff of professionals at NEA-NH are on-call for you when you need assistance bargaining and negotiating contracts, resolving conflicts with administration, promoting your organization in the community, and much, much more.

## **To promote your career.**

You can advance your career with free or reduced cost professional development and education opportunities available only from NEA-NH. Our information network keeps you informed on issues that impact your career, family and students.

## **We have the power of numbers, and the resources you need.**

Nearly four of every ten public school employees are education support professionals (ESPs) who work together with teachers and administrators to create great public schools.

Membership in NEA-NH gives you the resources, respect and recognition you deserve to support your student's achievements and advance your professional career, including:

- Helping you organize and win better pay, benefits, and working conditions
- Receiving professional and effective employment-related representation
- Defending against outsourcing of work to private, for-profit corporations
- Access to exclusive, member-only financial services and insurance benefits
- \$1 Million on-the-job liability insurance

**NEA is your advocate on the issues most important to you.**
