

Increases and decreases in membership directly impact what you pay in dues.

Based on the 2023-2024 budget, adopted by members at the delegate assembly this spring, dues increased \$9.92 for full time teachers and \$4.46 for Education Support Professionals.

- 400 new members would have reduced dues by **\$6.01!**
- 300 new members would have reduced dues by **\$5.84!**
- 200 new members would have reduced dues by **\$2.13!**
- 100 new members would have reduced dues by **\$1.82!**

MAKE THE ASK

If 200 locals were to maintain their current membership and ***add just two additional members***, we would reach the 400 members we need to reduce dues by \$6.01. 70% of potential members say they did not join the union because they were never asked. **It's crucial to have a conversation with every potential member in your local union. With your help, we can reach our goal!**

Membership as of June 2023: 13,925

Percentage of total possible members: 68.3%

Adding 400 NEW members: 70%
